**Subject:** [External] RE: University Park Data

Dear David and Sanjay,

Attached are the updated results as of 5pm today. I would like to note there may have been an address error (ct vs. rd, missing a number). That was fixed in this version.

Also attached are WQP and Ortho results from hydrants today. We expect on collecting results for ortho at homes tomorrow.

I also inserted a map of the areas that were lifted from the DNC. This was based upon the fact that the buildings were post 1990 and representative sampling of the area showed no lead issues.

We are working to produce the maps of piping you requested at our meeting Thursday. Please call me at Personal Phone / Ex. 6 if you have any questions. Please acknowledge that you have been receiving the updates so I can confirm you are getting the information.

Sincerely,  
Chris
